Subject spru update - 4 pm 1/9/2012

1. I am preparing a unilateral version of the compliance order, which I expect to put into concurrence either late tomorrow afternoon or early Wednesday. I have also communicated that fact to DOE's counsel, and indicated to DOE's counsel that I would expect the order to move through concurrence quickly and be signed as early as Friday.

2. DOE's acting general counsel, Tim Lynch, has placed a call to Avi Garbow so as to discuss the proposed order. However, DOE's line attorney, Felix, told me that he does not know what Tim is hoping to discuss. I told Felix that Tim is welcome to talk with Avi, that I looked forward to hearing the outcome of that conversation and that, in the interim, we would be proceeding with the concurrence process. I understand from speaking with Sue Stahle that Avi will be returning Tim's call later today or tomorrow and will hear Tim out and then confer with EPA staff as appropriate.
